

AUSTRALIAN BUREAU OF STATISTICS CANBERRA

Reference No. 6.27

FOR RELEASE: NOON 15 SEPTEMBER 1976

INDUSTRIAL DISPUTES, JUNE 1976

MAIN FEATURES

 Industrial dispute statistics for June 1976 show that there were –

> 187 disputes 400,900 workers involved 573,000 working days lost \$16.8 million lost in wages

Stoppages over the Medibank issue, which occurred during the month in most States, accounted for approximately 85 per cent of workers involved and working days lost. Disputes over the same issue, including the nationwide one-day stoppage, occurred in July and the effects of these will be included in July figures.

EXPLANATORY NOTES

This bulletin contains statistics of industrial disputes for the month of June 1976 and some previous periods. More information about these disputes will appear later in the detailed quarterly bulletin *Industrial Disputes* (Reference No. 6.6).

- 2. The statistics of industrial disputes are compiled according to the Australian Standard Industrial Classification (ASIC), described in the Bureau publication Australian Standard Industrial Classification (Preliminary Edition), 1969, Vol. 1.
- 3. The statistics of industrial disputes refer only to disputes involving stoppages of work of ten man-days or

more. Workers involved include workers directly and indirectly involved in disputes. Workers indirectly involved are those thrown out of work at the establishments where the stoppages occurred but not themselves parties to the dispute. Particulars of some stoppages (e.g. those involving a large number of establishments) may have been estimated and the statistics therefore should be regarded as giving a broad measure of the extent of stoppages of work (as defined).

- Stoppages of work occurring at different times and at different establishments, but having a common cause may be regarded as one industrial dispute. However, an industrial dispute occurring in more than one State is counted as a separate dispute in each State. Disputes not settled at the end of a year are included as new disputes in the figures for the following year. The monthly statistics refer to all disputes operative in the month, including those disputes that commenced in previous months. In Table 1 details of the number of disputes and workers involved are shown separately for disputes beginning in the month and for all disputes. Average days lost per worker involved on a monthly basis are not comparable with the yearly averages, because workers involved are included in each month in which they are involved in disputes, while they are counted once only for each dispute in the annual figures. Any discrepancies between totals and sums of components are due to rounding.
- 5. For statistics of industrial disputes for earlier periods see *Labour Report* No. 58, 1973 (Reference No. 6.7).

NOTE. Inquiries concerning these statistics may be made in Canberra by telephoning Mr Godfrey Laurie on 52 6573 or, in each State capital, by telephoning the office of the Australian Bureau of Statistics.

TABLE 1. - INDUSTRIAL DISPUTES: AUSTRALIA

	Number of disputes		Workers involved ('000)		Working days lost		Estimated	
Period	Beginning in month	Total (a)	Beginning in month	Total (a)	Number (a) ('000)	Average days per worker involved (b)	loss in wages (a) (\$'000)
